

Nationwide

Nationwide has announced that on June 12, 2023, they will launch **Nationwide CareMatters TogetherSM**. This product is designed to provide long-term care coverage via a linked-benefit policy to couples or two individuals with an insurable interest in each other. Product will be available in all states except California, District of Columbia, Montana, Arizona and New York.

Nationwide CareMatters Together offers a shared pool of benefit dollars. Policyowners can use some or all of the benefit as best fits their situation. The benefit is cash indemnity. This means that Nationwide places no restrictions on how the benefit is spent.

Product Highlights:

- Designed for couples age 30 to 70
- Shared pool of long-term care benefits
- Guaranteed premium, accrued benefits and LTC benefits
- Guaranteed second-to-die death benefit
- Cash indemnity long-term care benefit
