# Important Announcement

**AnnuiCare and FlexPlus products will no longer be available for new sales in 2024.**

At Guaranty Income Life (GILICO), we pride ourselves on offering you simple and competitive solutions to meet your clients' needs. That's the spirit that brought AnnuiCare to the market in 1999 as one of the industry's first Long-Term Care hybrid annuity products. But AnnuiCare and FlexPlus products were not built to adjust for today's technological advancements.

We are proud of these products and the clients they have served. We will continue to service existing policies, but have removed product materials and app kits from our Pre-Sales Site as of November 1st. Any new applications must be received by the Guaranty Income Life (GILICO) Home Office by December 1st and policies issued by year-end 2023.
