Quick View Calculations enhancement

We've enhanced our "Calculate" button results in our illustration software to make it easier to compare available AOB options. The screen will now display side-by-side values for both 2-year and 3-year AOB options when available. Simply click **Calculate** to view key values, including premium, monthly LTC benefit, death benefit and cash surrender value.

This feature is only available in our illustration software housed in iPipeline. In CA, IN and FL, the display will show the available 2-year AOB option.
